Hi Josh:

Thanks for the update.

The Davion, Inc. plant has had their attention on making soap, and keeping their employees safe, as this has been a hard hit COVID-19 area.

Yes, for now I have enough information to review and present to Davion. Hope to be moving on to closing the ASTs in the not too far future.

Hi Rick,

I wanted to touch base and check to see if you received everything you need and provide a quick update for Riverside superfund site. We have approved the remedial investigation report and now we move on to the feasibility study. We expect to have a proposed plan published by summer.

Thanks,

Josh
